ISSUE #18

MARCH 1989

This is the official publication of the Miller Number Custodian (MNC), who is Randy Grigsby. My address is 93 St. Vincent St., R.R.#3, Barrie, Ontario, Canada L4M 4S5. The purpose of the MNC is to register variant (Diplomacy) gamestarts and finishes. There is NO fee for this service.

I want to take time out now to touch upon the two controversies surrounding me. First the easy one. Some of you may be aware that I have been using two names in the hobby, Randy Grigsby & Ran Ben-Israel). The latter name is my Israeli name and it is the one I publish my dip zine HAGALIL HAMAARVI under to keep with it's Israeli/Judaic theme. Randy Grigsby, my Canadian name is the one I play under and am known to the majority of hobbyist. I just wanted to clear the air on this matter due to some rumours I've heard.

The second matter is a little more complicated and that has to do with the position of the MNC and who is the MNC and where does Robert Sacks covenant fit into this. Since the establishment of the HOBBY it has been traditional for hobby officials to appoint their own successors. This has been the case for the BNC, the Orphan Placement Officer, the MNC etc etc. Back during the late 1970's Robert Sacks tried to put a stop to that with his covenant. The covenant basically would allow him (Robert) to overturn any appointment that might occur in the future that he (and his covenant) doesn't agree with. This being the case when John Leeder appointed Lee Kendter Sr. as his successor back in 1983. Lee's refusal to sign the covenant gave Robert Sacks his opportunity to break with hobby tradition and claim that "Karel Aleric" was henceforth the legal MNC and then Julie Martin. An interesting sidenote here is that John Leeder (who did not sign the covenant) instituted the updated classification system that Rod Walker devised and John was recognized by Robert as the MNC! Robert now claims that the classification system now in use by the MNC are not Miller Numbers but NAVB (or ARDA) Numbers.

For those of you who believe in tradition and the right of someone to pick his own successor I am the MNC. I was appointed by Fred Hyatt, who was by Lee Kendter Sr, who was by John Leeder, who was by Greg Castikyn, who was by Robert Sacks, who was ..... back to Don Miller the first MNC.

1988 was a record breaking year for variants.. As a matter of fact, for the first time in North America, variant gamestarts outnumbered regular gamestarts. There were a total of 115 variant gamestarts, encompassing 21 different variants. Gunboat lead the pack with 23, there were 9 Round Robin (7x7) Gunboat Tournaments (63 games), 5 Colonia VI games, 4 Downfall ones, Bidders Dip had 3, Skinny Dip 2 and the rest had one. They were; Vacation Dip, Woolworth II, Spy Dip, Youngstown IV, Cline 9, Landbridge Dip, Runestone Palt Dip, Everyone Plays Dip, Vandals, Northern Ireland, Diplowinn, Revolution, Atlantica III, Conquest Of The New World and Deviant Dip. Over 300 different players started in variant games under 34 GMs.

For those of you who believe that the hobby is in serious trouble due to the lack of gamestarts check out the following table. Since 1985 (the Year of the Great Fued) gamestarts have been on the increase. So much so that the last two years have been banner years.

Here are suppose to be the listing for end game results. As you will notice it is very sparse especially when compared to the number of gamestarts over the last few years. I am hereby making a formal request for all of you publishers, GMs and players to send me a copy of any end game reports, for publication in Alpha & Omega, in which you had participated.

The reason I am asking you all to make that extra effort to send me a copy (after all you send end game reports for regular games to the BNC), is that it is only a matter of time before a Variant Rating System will be operating in North America. In Britain, Martin Lewis (UK MNC) has already developed a rating system for the British Hobby and Lee Kendler Jr. is working on one for the NA Hobby.

Doug Acheson, the Coordinator for the Canadian Diplomacy Organization (CDO) has officially put in a request for a block of numbers to be set aside for the NHC to distribute to Canadian gamestarts. When I received the request I deferred from making a decision because of a conflict of interest, I am on the Executive Committee of the CDO. Since Doug also put in a request to Steve Heinzowski (BNC) for the same thing, I told Steve that I would follow his lead in this matter. Steve after two months of deliberating has decided to set aside a block of numbers for the Canadian Hobby, which he will issue, for a trial period to the end of the year. I have informed Doug that if the BNC continues in 1990 to set aside a block of numbers for the Canadians then so will I. In the meantime if any of you have an opinion (pro or con) on this matter, please contact either Steve or myself.
